Timely Topics

Over the purple profile of the Waianae range the iridescent gleam of the variegated after glow suffuses the western sky. A soft breeze blows over the town, rustling the foliage embowering thousands of verandas. Marsden's bats go forth in quest of beetles, their uncanny wings fanning the whiskers of the "free and independent," as they sit enjoying their post-prandial cigar and meditating on the Registration Act. Bill Williams puts his number tens on the ladder and mounts to his eyrie at the mouth of the peaceful harbor, where, with a Japanese safety match he lights the lantern that warns the mariner against taking the Miowera's overland route into the desired haven. "Let fall the curtain, wheel the sofa round, and so let peaceful evening in."

What a pretty introduction to a novel could be made out of a Honolulu evening! The picture is incomplete, however, without ringing in a handsome parlor lamp. We have your choice of many varieties of hanging lamps in the most artistic styles—silver, bamboo, black iron, porcelain, etc., with elegant shades. If it's "light on the subject" you want, you may just as well have it in style. The prices will not be in your way, you cannot get lower for equal value elsewhere. Don't bother any more with that wornout lamp, but treat your household to a "thing of beauty" that will shed a nightly glory over your domestic happiness and pleasures.

Some people may have tried to convince you that the monarchy of the oil stove has been abrogated in favor of other inventions. Don't give any countenance to such a notion. The oil stove has kept right ahead with the march of progress, until its improvement has culminated in the Blue Flame Oil Stove that we sell. If we have told any of you that our stock was exhausted and would not be replenished for some little time, we must take it back as we do now gladly. The Monowai agreeably surprised us with a fresh lot, and they are now opened out. None who saw the experiments in cookery performed on this stove in our store recently will need to be informed of its superior merits. Any who did not have that opportunity are welcome to enjoy satisfactory demonstrations of the stove's qualities on application. One thing about us is that we never try to sell goods on the chance that they may give satisfaction. We want our customers to be thoroughly convinced that they are getting value for their money before they part with it. With the full consciousness that our business reputation is at stake, in regard to this as well as to other standard articles that we advertise, we unhesitatingly recommend to you the Blue Flame Oil Stove.

A Problem

confronting many a business man, is how best to reduce an overstock of certain lines in a given period.

Making slight reductions does not have the desired effect. What the public wants, is the slashing of prices down to nothing; a shaving down to where goods will be light enough to carry away, and leave but a small portion of the contents of your purse in exchange.

We are sure that we have accomplished this in our special offer for the coming week on Sterling Silver Spoons and Forks.

At no time has silver table ware been so low as now; yet we have reduced it almost to the cost of plated ware.

Beginning today, and ending on Saturday the 27th, we offer for **CASH ONLY:**

24 dozen Tea Spoons at \$1.00 per dozen. Regular \$13.00 to \$16.00.

12 dozen Tea Spoons at \$1.50 per dozen. Regular \$16.00 to \$21.00.

12 dozen Dessert Forks from \$21.50 to \$25.00 per dozen. Regular from \$28.00 to \$35.00.

12 dozen Dessert Spoons from \$22.50 to \$25.00 per dozen. Regular from \$30.00 to \$35.00.

12 dozen Table Forks from \$30.00 to \$35.00 per dozen. Regular from \$4
